PROFESSIONAL SUMMARY

Motivated and adaptable B.Sc. Microbiology candidate with hands-on experience in research, data reporting, and cross-functional teamwork through internships in leading dairy and forest research institutions. Proficient in data analysis, process documentation, and technical tools including Power BI, SQL Server, and Google Cloud. Recognized for accuracy, initiative, and professionalism in both laboratory and customer-focused environments. Eager to leverage analytical strengths and interpersonal skills to drive product sales and deliver exceptional customer experiences.

CORE COMPETENCIES

- Product Sales Support & Customer Experience
- Data Analysis & Visualization (Power BI, Excel, SQL Server)
- Microbial Quality Control & Laboratory Techniques
- Process Documentation & Reporting
- Team Collaboration & Communication
- Problem-Solving & Time Management
- Adaptability & Customer Handling

PROFESSIONAL EXPERIENCE

State Forest Research Institute (SFRI), Chennai

Microbiology Intern

Jan 2024 – Feb 2024

- Assisted in microbial isolation and analysis of 50+ soil samples, maintaining 100% accuracy in laboratory reports.
- Conducted advanced staining and biochemical tests, improving data reliability by 15%.
- Streamlined experimental data documentation with senior researchers, reducing reporting time by 10%.
- Prepared and presented research findings in weekly meetings, enhancing team communication and coordination.

Creamline Dairy Products Industry

Microbiology Intern

Jan 2023

- Supported microbial quality control for dairy products in compliance with HACCP/GMP standards, ensuring zero safety violations.

- Conducted antibiotic sensitivity tests and microbial culture assessments, maintaining accurate logs for 200+ product samples.
- Collaborated with lab staff to identify contamination risks, reducing potential errors by 10–15%.
- Documented and presented daily test results to supervisors, demonstrating attention to detail and accountability.

EDUCATION

B.Sc. Microbiology

School of Arts and Science, Sri Manakula Vinayakar Engineering College, Pondicherry

CGPA: 7.33 (Expected Graduation: May 2025)

- Relevant Coursework: Microbial Analysis, Biochemical Techniques, Data Reporting & Visualization

CERTIFICATIONS

- Microbiology Laboratory Techniques – Tirupattur (Distinction)
- Power BI Basics (Self-learned)
- ChatGPT Bootcamp – Ethnotech Academy
- MongoDB Basics for Students – MongoDB, Inc. (Completed June 2025)
- Exploring Data Transformation with Google Cloud – Simplilearn SkillUp (Certificate Code: 8097007, Completed March 2025)

TECHNICAL SKILLS

- **Data Tools:** Power BI, Excel, SQL Server, Google Cloud, MongoDB
- **Other:** Adobe Photoshop

LANGUAGES

- Tamil (Native)
- English (Fluent)
